## EDUCATION

---

**University of Pittsburgh, School of Computing and Information**

**Pittsburgh, PA**

*Bachelor of Science in Computer Science*

*May 2025*

Intended Major: Computer Science | Intended Minor: Communications

## WORK EXPERIENCE

---

**Domino's Pizza**

**Rockville, MD**

*Customer Service Representative*

*April 2021-May 2021*

- Worked with customers at the register to understand and satisfy their needs
- Helped a team of incredible staff cook, cut, and box pizzas
- Developed communication skills from working with both customers and a team

*Delivery Specialist*

*May 2021-August 2021*

- Delivered products to customers in minimal time while still being safe
- Enhanced my mapping/navigational skills which I use to understand complex concepts
- Faced adversity caused by dangerous conditions such as the weather or other drivers

**TIC Summer Camp**

**Bethesda, MD**

*Staff Assistant*

*June 2019*

- Assisted counselors in teaching children computer skills such as video editing, robotics, and programming
- Learned to work around children and became a positive influence for the campers
- Used Java, Vex Robotics, and Adobe Premiere

## NOTABLE SKILLS

---

**Public Speaking**

*Our Lady of Good Counsel Speech and Debate*

*October 2017-May 2021*

- Competed in at least five tournaments each school year in the extemporaneous speaking category, in which competitors would have thirty minutes to prepare a seven minute speech based on a question relating to foreign, domestic, or economic news

**Software Development**

*Proficient in Java, C++, Excel VBA, Ubuntu Linux, mySQL, and the NEXT.js Framework*

- Took a programming class during junior year and was writing Excel scripts to do homework by the end of high school
